Software Development & Databases: Basic programming (Java, JavaScript), Web development (HTML/CSS), Database fundamentals (SQL), Git/GitHub, AI-assisted development

Productivity & Data Management: Microsoft Office; Google Workspace; Data and record management; Typing speed 90+ WPM

EXPERIENCE

IT Support Intern | Avega Bros. Integrated Shipping Corp.

July 2025 – July 2026 | 1,800 hours

- Provided day-to-day technical assistance to employees with desktop and laptop software issues.
- Diagnosed desktop display, startup, and power issues; assembled usable PCs from working parts recovered from nonfunctional system units.
- Performed hardware and software cleaning and maintenance, installed or configured Windows and software, and assisted with CCTV installation.
- Collaborated on BITS, a company-directed ZKTeco K14 biometric timekeeping system; implemented the Manager and Employee dashboards.
- Fixed bugs assigned through GitHub Kanban boards; manually tested attendance, shift, overtime, and reporting workflows and documented defects.
- Reviewed inventory, administrative, and biometric attendance records for errors and inconsistencies.
